

How to Register for a DTC Team

Contact either your team captain or DTC for the ten-digit USTA/NTA team number.

You must first have a USTA membership that is valid through the entire league season. Individual memberships are \$40 and are obtained either through Nevada Tennis Association or the USTA website: <http://national.usta.com/leagues/> (the website will process your membership almost instantly).

Register on Tennislink: <http://national.usta.com/leagues/> with the team number and USTA membership number by the team registration deadline. (DTC will have that date.)

Each DTC league participant is responsible for individual league fees. If you are an annual pass holder at DTC; your league fees will be half. It is required that you pay your league fees BEFORE the first scheduled match of the season.

Joining a DTC team entitles the team to have 2 courts for 1 ½ hours per week (starting two weeks prior to the start of league matches and concluding the last week of league matches) for practice times. Practice times are subject to coordinator approval. Practice times may be rescheduled due to DTC events.

Note: DTC teams must provide the balls for all home matches.

If you are a captain; you may also schedule a time for both team practice and clinics through DTC and are required to fill out a Captain's form.
